

Greetings from the Karen & Harold Miller family at the end of another good year!

Good, because we could walk with our Lord every day, joining in what He is doing around us, safely held in His arms.

Good, because our family gained two this year: Briana married Darrel in May and Scott married April in October. Both add much to our family circle and are ones we love and enjoy and trust to the full! Briana is a nurse at the local hospital. Scott plays sax in a band and works full-time at a home for brain-damaged men. Darrel still buys millions of dollars of herbs each year at his job, and April still can be the fastest inter-library loan lady.

Good, because we all live close enough together that we see each other a couple times most weeks. Karen & I especially see Daniel who is living with us this school year as he begins seminary. The couples live about a block from each other on this side of EMU. Rachel moved out of the apartment with April to one in a house owned by a grand-parent-type couple on the other side of EMU; her craft room has seen many socks, etc. created (see at [www.etsy.com/shop/waggleduck](http://www.etsy.com/shop/waggleduck)) when she's not teaching in various schools.

Good, because we are enjoying the Trissels church family (see at [www.trisselsmc.org](http://www.trisselsmc.org)). This evening Karen & I and Rachel, Darrel & Briana caroled with others from church at a heritage center. Rachel and Darrel lead the middle school youth group; Darrel leads a weekly young adult Bible study; Scott conducts the hand chime choir which will do three songs tomorrow in church. Karen & I are in two small groups; Karen has enjoyed teaching children's Sunday School; I enjoy preaching, etc.

Good, because we have friends and family like you!

Much love from our house to yours, Karen & Harold

Our oldest daughter and newest son!

Siblings singing to April at her wedding reception

Stealing a glance during the wedding

All 8 of us in July at Harold's brother's home on our way back from the Nussbaum reunion
